VOTE EXPLANATION

Mr. FRIST. Mr. President, Senator DOLE is unable to vote on amendments

this evening because she is in North Carolina where she testified early this afternoon before the BRAC Commission, and this evening is with the President at Ft. Bragg in Fayetteville, NC, where the President is addressing the Nation on the 1-year anniversary of the transfer of sovereignty to the Iraqi people.

Mr. CONRAD. Mr. President, last week I traveled to Grand Forks, ND, to organize and present testimony at a regional hearing of the Base Realignment and Closure, BRAC, Commission on the Grand Forks Air Force Base and Fargo's Air National Guard installation. These facilities are critically important to our national security and to my State's economy. As North Dakota's senior Senator, it was my pleasure and responsibility to host the Commission hearing. As a result, I was necessarily absent from the Senate and missed rollcall votes No. 145–153 on the Energy bill.

PRESIDENT'S ADDRESS TO AMERICA

Mr. KENNEDY. Mr. President, whatever our position on the Iraq war, we should all be concerned that the President does not have a winning strategy on Iraq. Our current strategy is not working, and Congress and the American people know it. I say this with sorrow and regret for our troops, for their families, and for our country.

Administration officials repeatedly claim that the insurgents are desperate, dead-enders, and in their last throes. The American people know they are not. Secretary Rumsfeld insists progress has been solid. With American casualties currently averaging nearly three a day, the American people know it is not. Secretary Rumsfeld insists the Army is not being stretched to the breaking point, but month after month recruiting goals go unmet and generals are sounding the alarm. Secretary Rumsfeld insists that we are not in a quagmire. The American people believe we are.

Secretary Rumsfeld says the administration is not painting a rosy picture. The American people know that they are. By last June, after the President declared mission accomplished, 852 American servicemembers had been killed in action. Today, the number has doubled to more than 1,700. By last June, 5,000 American servicemembers had been wounded in action. Today, the number has nearly tripled to over 13,000. A year ago, the United States had 34 coalition partners in Iraq. Today, we have just 25, and another 5 are scheduled to pull out by the end of the year.

The administration has been consistently wrong about Iraq. The American people know things are not going well and that we need to correct the course we are on. The administration statements do not square with reality, and the credibility gap continues to widen. It is ironic that Americans are learning
